Buenos Aires, Argentina

SUMMARY

React Native Developer with 5+ years of experience, passionate about building high-performance mobile apps. Skilled in UI design, navigation, and API integration. Effective communicator, fluent in multiple languages, and experienced in multicultural team collaboration.

SKILLS

Javascript	Typescript	React	React Native	Redux	NodeJS	MongoDB	Express
Git Flow	Team Collaboration	Problem solving	Active Listening	Creative	Technical	Passionate	

PROFESSIONAL EXPERIENCE

React Native Developer **Temperies** - Remote (USA) November 2024 - Present

- Developed major features and core modules for a successful fitness and nutrition app.
- Managed cross-platform deployment, ensuring stability and compatibility across iOS and Android.
- Integrated Google Analytics and event tracking to monitor user behavior and key metrics.

React Native Developer **Whiteboard Games** - Buenos Aires, Argentina November 2023 - November 2024

- Developed a high-performance mobile app for a European elite football club.
- Implemented robust authentication, personalized profiles, gamified achievements, and backend services.
- Managed App Store and Google Play releases, handling multiple build environments with Gradle and schemes.

React Native Developer **Inside Dark Studio** - Buenos Aires, Argentina September 2023 - January 2024

- Developed a transportation app from scratch, integrating the ICP blockchain protocol.
- Implemented Google Maps and Stripe APIs for mapping and online payments.

FullStack Developer **Freelance Projects** - Buenos Aires, Argentina September 2022 - July 2023

- Developed personal projects with React and NextJS, including Movee (a movie website) and my personal portfolio.
- Contributed to Greencycle (No Country), a collaborative recycling app built with React Native, integrating authentication and interactive maps.

React Native Developer **Fizzmod** - Buenos Aires, Argentina December 2021 - September 2022

- Developed React Native components and modules, optimizing performance and following agile best practices with Jira and Scrum.
- Gained experience in Test Driven Development (TDD) using Jest and other testing libraries.
